Creativity unleashed

Welcome to the Creative Conversations 2024 – 2025

Our goal is to foster meaningful dialogues between educators and artists/cultural organizations, focused on bringing arts projects and programs to educational settings. Embark on a journey as you join forces for a series of guided conversations, focused on igniting creativity arts projects .

Upon completion of the program, you will have the opportunity to apply for a small grant ranging from £500 to £2,000 to fund your proposed activities. We are thrilled to support your creative endeavours and look forward to witnessing the impact of your collaborative efforts.
